VRUDDHI K. SHAH

Data Analyst | AI / ML Specialist

vruddhi.kshah@outlook.com | 705-303-3841 | Toronto / North Bay, ON, Canada

linkedin.com/in/vruddhi-k-shah | github.com/VruddhiShahProjects | vruddhikshah.dev

Available from May 5, 2026 | Co-op Work Permit, Canada

PROFESSIONAL SUMMARY

Results-driven Data Analyst and AI/ML specialist with 3+ years of enterprise experience across the full software development lifecycle. Gold Medalist (GPA 8.58/10) and internationally published author (IGI Global). Proven track record in data profiling, source-to-target mapping, requirements documentation, and cross-functional Agile delivery. Seeking a Summer/Fall 2026 Co-op placement in data analysis, AI/ML, or enterprise data platforms.

CORE SKILLS

Data Analysis	Python, pandas, NumPy, SQL, Excel, Data Profiling, Data Validation, Tableau
AI / ML	scikit-learn, Deep Learning, ML Fundamentals, Model Evaluation, Data Pipelines
Cloud & Databases	Azure Fundamentals, ETL (Talend), MS SQL Server, DB2, ERDs, Data Modeling
Delivery & Tools	Jira, Confluence, Git, Scrum/Agile, SDLC, Visio, REST APIs

WORK EXPERIENCE

Junior Developer & IT Support Technician | *Parshwa Technologies* | India *Jan 2021 – Feb 2024*

3+ Years of Full-Cycle Enterprise Delivery

- Partnered with business and technology teams to define, develop, and document detailed data and system requirements across multiple application modules.
- Performed data profiling, cleanup, and validation during testing and migration phases — identifying root causes of data quality issues and recommending remediation steps.
- Produced detailed source-to-target mapping documents, user stories, defect logs, and evaluation reports tailored for both technical and non-technical stakeholders.
- Delivered end-to-end capabilities within Agile pod team dynamics — from concept through production deployment — reducing recurring platform issues.
- Owned multiple projects from inception through implementation; tracked outcomes against defined success criteria using Jira and Confluence.

EDUCATION

Post-Baccalaureate Diploma — Artificial Intelligence & Machine Learning | *Nipissing University* | North Bay, ON *2024 – Apr 2026*

In Progress | Co-op Eligible

Coursework: ML/AI, Deep Learning, Azure, Cybersecurity, Enterprise IT, Algorithms, Databases, Software Development, Data Modeling

B.Sc. Information Technology | *L.J. University* | Gujarat, India *2021 – 2024*

Gold Medalist — GPA 8.58/10 | Top Graduate of the Program

Coursework: Algorithms, Databases, Software Development, Data Modeling

PROJECTS

AI Hackathon — Team Lead *Python, AI/ML, Data Analysis*

1st Place — National AI Hackathon

- Led end-to-end delivery of an AI-driven analytical solution encompassing data analysis, model evaluation, and final presentation. Ranked 1st among all competing teams nationally.

Advanced Game Development *C++*

github.com/VruddhiShahProjects/AdvanceGame-Devlopment

- Built a complete game with advanced OOP design, game-state management, and collision detection. Achieved distinction grade for complex algorithmic architecture.

Hotel Management System *Java*

github.com/VruddhiShahProjects/Hotel-Management-System

- Developed a full-featured enterprise hotel management application with systematic data validation, anomaly documentation, and a user-facing reporting pipeline across multiple modules.

ATM Simulator System *Java*

github.com/VruddhiShahProjects/ATM-Simulator-System-master

- Built a comprehensive ATM simulator featuring full transaction logic, account management, and a secure authentication flow. Achieved zero data-integrity failures across all test scenarios.

PUBLICATION

Neptune Security: A Novel Approach to Big Data Privacy Protection

IGI Global Scientific Publishing — Security & Forensics Series, 2024

igi-global.com/chapter/neptune-security/363033

- Analyzed large-scale datasets to identify privacy vulnerabilities and model threat patterns. Peer-reviewed through IGI Global's rigorous process — demonstrating technical writing, big data security frameworks, and research rigor applicable to enterprise data environments.

AWARDS & RECOGNITION

1st Place — National AI Hackathon (2023)

End-to-end AI solution delivery under competition conditions as Team Lead.

Gold Medalist — B.Sc. Information Technology (2024)

GPA 8.58/10 — Top graduate of the entire IT program at L.J. University.

IGI Global Published Author (2024)

Peer-reviewed book chapter, Security & Forensics Series — International scientific publisher.
